## October 2008

In 2001 Tangalooma Island Resort purchased an N.Q.E.A. built vessel which required refurbishing.

We were looking for a seat manufacturer to supply the 350 seats for our vessel with the following criteria: - Quality, Comfort, Style, Weight, and Durability.

I was introduced to Rod Ferguson, Managing Director of Transport Seating through Roy Whitewood, of Aluminum Boat Australia. Transport Seating had previously supplied seats to his company, and products and service. Rod liaised with myself and Roy regarding the seat refurbishment i.e. layout, style, fabric, and delivery time that was required.

Seven years later these seats are still in service on the Tangalooma Jet, and have maintained the quality, comfort and durability. Our customers appreciate the comfort and style that these seats have provided over the years and as a result of this, in 2005 we refitted the 200 passenger "Tangalooma Flyer" with Transport Seating proven product.

The seating on both of these vessels has exceeded our expectations, and for that we thank Rod and his team from Transport Seating Technology.

Yours Truly,

*Jeff Osborne*  
**DIRECTOR**  
*TANGALOOMA ISLAND RESORT PTY LTD*

Moreton Island, from Brisbane, Queensland, Australia | [www.tangalooma.com](http://www.tangalooma.com)

Proudly 100% Australian owned and operated.
